PROFILE

Fresh graduate in Informatics Engineering with a strong focus on **Data Analysis** and **Data Science**. I have experience with full data processes, from gathering and organizing data to analyzing it and creating visual reports that help make smart business decisions. Skilled in using Python, SQL, Excel, and Business Intelligence tools like Tableau and Power BI. Showed skill in turning complicated data sets into useful strategies through actual projects and internships.

SKILLS

Software	: Tableau, Power BI, Google Looker Studio, Spreadsheet
Expertise (Hard Skills)	: Data Analysis, Machine Learning, Data Visualization, SQL, Programming
Soft Skills	: Leadership, Project Management, Communication, Analytical Thinking, Problem Solving, Teamwork
Interests	: Data Analyst, Data Scientist, Data Engineer, Business Analyst, Technology

DATA EXPERIENCE

Junior Data Analyst Intern Vinx7

Feb 2026 – Present

- Executed end-to-end data analysis workflow, including data collection (survey design & secondary data), cleaning, transformation, and exploratory data analysis (EDA) to uncover patterns and insights.
- Processed and prepared datasets by handling missing values, outliers, and inconsistencies using Excel and spreadsheet techniques.
- Developed interactive dashboards and data visualizations using Tableau and Looker Studio to support business monitoring and decision-making.
- Applied SQL and basic statistical analysis, and leveraged AI tools to accelerate data exploration and deliver actionable insights through data storytelling.

Data Analyst Intern ([Project-based Internship by Rakamin](#)) Kimia Farma (PT. Kimia Farma, Tbk)

Oct 2025 – Nov 2025

- Develop a comprehensive business performance review for PT Kimia Farma by analyzing data for the period 2020-2023.
- Performing an end-to-end ETL (Extract, Transform, Load) process, starting from importing, cleaning, to loading 4 main datasets (transactions, inventory, branches, products) into the Google BigQuery platform.
- Design and execute complex SQL queries to combine data, create calculated metrics (such as net sales & net profit), and implement business logic to produce one master analytical table.
- Design and build an interactive performance analytics dashboard to visualize revenue trends, regional performance, and product analysis.
- Identifying crucial business insights. Key outcomes of this analysis include identifying West Java as a core market, identifying operational improvement opportunities in high-performing branches, and formulating strategic recommendations for product cross-selling strategies to increase revenue.

PROJECTS

- **Hospital Operational Dashboard for Vinx7**, Data Analyst Project
- **Campaign statistics analysis for Vinx7**, Data Analyst Project
- **Final Project Virtual Intern Big Data Analytics Kimia Farma x Rakamin Academy**, Data Analyst Project
- **Stunted Prediction**, Data Science Project
- **Work Order Performance Analysis**, Data Analyst Project
- **Country Data Analysis**, Data Analyst Project
- **NLP | Detecting Positive and Negative Sentiment in TikTok Comments on the "UU TIPIKOR"**, Data Science Project

EDUCATION

Kampus

Sept 2022 – Mar 2026

Jurusan, GPA – 3.80/ 4.00

- Joined the Informatics Engineering Student Association.
- Participated in Program Penguatan Kapasitas Organisasi Kemahasiswaan (PPKO Kemendikbud).

- Became a Core Team Member for the Google Developer Group on Campus at Dian Nuswantoro University.
- Published scientific journal (SINTA 3 indexed).

PROFESSIONAL CERTIFICATION

• <u>Databases and SQL for Data Science with Python</u> , IBM	<i>Issued, 2025</i>
• <u>Data Visualization with Python</u> , IBM	<i>Issued, 2025</i>
• <u>Data Analysis with Python</u> , IBM	<i>Issued, 2025</i>
• <u>Getting Started with Deep Learning</u> , Nvidia	<i>Issued, 2025</i>
• <u>Data Analyst Level Intermediate</u> , ITBox	<i>Issued, 2025</i>
• <u>Data Analyst Level Basic</u> , ITBox	<i>Issued, 2025</i>

ORGANIZATION

Head of Creative Media (Core Team) Google Developer Group on Campus UDINUS • Led creative team and managed content strategy	<i>Oct 2024 – Sep 2025</i>
Head of Information and Communication Division Himpunan Mahasiswa Teknik Informatika UDINUS • Managed multiple divisions and executed strategic programs	<i>Sep 2024 – Sep 2025</i>
Head of Department Information Media Himpunan Mahasiswa Teknik Informatika UDINUS • Led team and improved social media engagement • Led and managed 48 members and achieved outstanding results, including attracting 15 Web Developer teams and 36 LCC participants to participate in ITC 2024.	<i>Sep 2023 – Sep 2024</i>
